

IMPORTANT!

**SAFER
WITH
US!**

IMPORTANTE

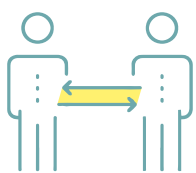

In order to ensure to our guests the safety and peace of mind they deserve we have implemented strict cleaning procedures. Either in the rooms and in the common areas we use disinfectants registered by the Italian Ministry of Health.

Our staff, equipped with mask and gloves, has been trained to follow strict hygiene and cleaning protocols and will make sure that social distancing and other measures are enforced to maximize safety within the premises.

Hand sanitizers are available in common areas.

Thanks to a new layout of common spaces we ensure a proper social distancing.

Breakfast, if included in your reservation, will be served in your room for your comfort and safety (no service charge applied).

Online check-in, online payment and self check-out are available to simplify your stay. Don't hesitate to use email and WhatsApp messages to communicate with our reception

Thanks for choosing us.
Thanks for choosing safety.
